Prevention of Sexual Harassment

Excerpts from WCSD Policy 1420

Sexual harassment includes any gender-related unwelcome written or verbal slurs, vulgar jokes, derogatory statements or actions. Sexual harassment also includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when the harassment is so severe, pervasive, and objectively offensive that it can be said to deprive the victims of access to the educational opportunities or benefits provided by the school and such harassment takes place in a context subject to the School District's control.

Student Complain Procedures

If a student believes he/she is subject to harassment, the student should first consider telling the person that they do not like what is happening, that they consider it a violation of the School District policy on harassment, and that they want it stopped. In many cases, a clear statement that the student wants something stopped will be enough to take care of the situation. Students are not required, however, to confront the person in this way.

The student has the right and **is encouraged** to report the problem immediately to the **principal, school administrator, teacher, parent, and/or the school resource officer**. Students should not feel embarrassed, intimidated, or reluctant to file a valid harassment report.

Any teacher, counselor, administrator receiving a report of harassment from a student must report the incident to the school principal or designated administrator or/supervisor. The principal or designated administrator/supervisor has the responsibility to conduct a preliminary investigation when he/she receives an oral or written complaint, observes, or has reason to suspect sexual harassment.

Students or staff may request a District-level investigation by submitting the written complaint to the appropriate, Assistant Superintendent, Superintendent, or Human Resource Director.

The complainant and the accused have the right to be represented by a person of their choice, at their own expense, during sexual harassment investigations and hearings. Complainants also have the right to register sexual harassment complaints with the U.S. Department of Education's Office for Civil Rights or the Utah Anti-Discrimination Division/EEOC. Nothing in this policy shall be construed to limit the right of the complainant to file a lawsuit.

Retaliation Prohibition

Any act of reprisal against any person who opposes sexually harassing behavior, or who has filed a complaint, is prohibited and therefore subject to disciplinary action. Likewise, reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing of a sexual harassment complaint is prohibited and therefore subject to disciplinary action.

False Complaints

False, malicious, or frivolous complaints of harassment will result in corrective or disciplinary action taken against the accuser.

Training

Principals in each school and program directors shall be responsible for informing students and staff of the terms of this policy, including the procedures established for investigation and resolution of complaints.
