- Reviewed Student Data - GVC's , looked at growth patterns and discussed where we need help.
- Complaints from teachers that there have been a lot of kids missing a lot of school, so numbers are lower than normal, due to Covid quarantine.... Even without those things we are finding we are struggling in blended learning. Bright side is we are in school and not online like other states.
- Math 7 struggling, new team but we are going to put money into planning for them. There is a new math 7 program to use with chromebooks that costs about \$8,000. It is a better program that tracks student knowledge. This is the third year in a row that we have 2 different math teachers each year. One of our new teachers used this program up north and is very excited about it....
- Wellness Center reports more females than males using the center. More 6th graders using it than 7th grade. We are taking kids down during home room to remind them about what the wellness center is for. When kids arrive they are testing high on a negative emotion scale and when they leave after 10 minutes, the tests are showing much higher **positive** emotions. So it is working!
- ELL kids: We are seeing 92% of kids being proficient after interventions! Our Math 6 teacher was our old ELL teacher so he knows what works and what doesn't . He is sharing what he knows with the team, and doing some co-taught classes. Math 7 needs some work, Science is really low so we will be discussing this with the team. There are only 16 kids identified as ELL. Even with the low numbers we are seeing growth. These kids are in regular classes, lots of new teachers this year, new team dynamics, now that we have the data, we will come together with ideas to improve. Academic words have gotten harder, so ELL aids are working on vocabulary so students know what things mean.

School Plan for 2021-22: \$111,943.90 (\$111,000 Proposed)

- 1- Instructional SpEd/ELL Aids (\$7,000)
- 2- Make Counselor Full-Time (\$2,000)
- 3- Language Arts 7 Teacher (\$78,000)
- 4- Wellness Center Aid (\$24,000)

TSSA: Teacher and Student Success Act: \$128,489.95 (\$115,650 Proposed)

- 1 - Instructional SpEd/ELL aids (\$32,000)
- 2 - Extra Class Periods , \$8,000 per 7th 5= (\$40,000)
- 3- Language Arts 6/History reading block (\$23,000)
- 4- PLC workshop: \$225 per teacher x 34 (\$7,650)
- 5- Substitutes for teams collaboration (\$5,000)
- 6- Math 7 Program (\$8,000)

If there is extra funding:

- Chromebooks (\$8,000 per classroom set of 34)
- Extra Class Periods (\$8,000 per 7th, \$11,200 per 5th)

Expense Explanations: More ELL aids needed to not lose those kids. We want to use TSSA money and Trustland money to pay for two teachers. We have a dip in enrollment with the incoming 6th grade class, and don't want to lose teachers as enrollment will probably go up after COVID.

Dist. paying for the ELL teacher, so we would like to use that money to hire a reading specialist so they can teach history and reading.

PLC workshop is in Washington County this year so we want to take advantage of that. We only have to pay a stipend for each teacher to have a 2.5 day training, with the actual people that developed the PLC process. Great opportunity. So much cheaper than taking a team of 5 with travel expenses and we get to take all 34 teachers.

Master schedule dictates how many teachers a school gets, but with all the variables we are always short. This creates class size imbalance. Some classes have 37 kids while others may have 24.... So we have the need to balance out that scenario. We need to put it in the plan in the event we need to use it.

ELL

IV. School Plan for 2021-22 (\$111,943.90) (proposed \$111,000)

Goal 1- Instructional SpEd/ELL Aides (\$7,000)
Goal 2- Make Counselor Full-Time (\$2,000)
Goal 3- Language Arts 7 Teacher (\$78,000)
Goal 4- Wellness Center Aide (\$24,000)

V. TSSA: Teacher and Student Success Act (\$128,489.85) (proposed \$107,650)

Goal 1- Instructional SpEd/ELL Aides (\$32,000)
Goal 2- Extra Class Periods (\$8,000 per 7th) 5 = \$40,000
Goal 3- Language Arts 6/History reading block (\$23,000)
Goal 4- PLC Workshop: \$225 per teacher x 34 (\$7,650)
Goal 5- Substitutes for teams to collaborate (\$5,000)
Goal 6 - Math 7 Program (\$8,000)

If there is extra funding:

Chromebooks (\$8000 per classroom set of 34)
Extra Class Periods (\$8,000 per 7th, \$11,200 per 5th)
