

Hurricane Intermediate Jaguars

MARCH 2021

Hello Jaguar Parents and Students,

We made it to the end of the 3rd quarter, and will soon begin our final quarter of the 2020-2021 school year, AND we did it together!

Spring break will run from March 8th-15th this year. I hope that families can find some time to just be together and bond. Never underestimate the power that you have as parents/guardians to influence your children's decision-making and values. From my experience, parenting can feel overwhelming and very challenging at times. I've learned how important it is to model care and compassion for self and others when life gets stressful in the day-to-day. I truly hope each of you can create those moments that strengthen your relationships!

We are so thankful for our awesome teachers as they continue to work to meet the needs of their students. Please continue to support them and say thank you every chance you get; they work so hard! Also, please take time to acknowledge the hard work students have put in, and keep encouraging them to give their best effort this final quarter. RISE testing is beginning and it's important to make sure your students are balancing sleep, hygiene, nutrition, play, and work. Last but not least, thank you to all of the parents and caregivers that continue to support Hurricane Intermediate School!

With the parents, students, and everyone at Hurricane Intermediate working together, we will continue to be a positive and caring learning community.

- ♦ Tdap
- ♦ 2 Measles, Mumps, Rubella (MMR)
- ♦ 3 Hepatitis B
- ♦ 2 Varicella (chickenpox)
- ♦ 1 Meningococcal (*Only Meningococcal Conjugate vaccine given after 10 years of age is acceptable for 7th grade school entry*)

Proof of immunity to disease(s) can be accepted in place of vaccination only if a document from a health care provider stating the student previously contracted the disease is presented to the school.

For children whose parents claim an exemption to immunization for medical, religious, or personal reasons, their legally responsible individual must complete an online immunization education module at immunize.utah.gov or in-person consultation at a local health department. A copy of the certificate must be presented to the school or child care official.

For a medical exemption from the required immunizations, a completed vaccination exemption form and a written notice signed by a licensed healthcare provider must be presented to the school.

For questions regarding your child's immunization status, contact your child's health care provider, your local health department or the Immunization Hotline 1-800-275-0659.
