End Of Year	5

Dear Parents and Students,

What a fun and exciting year! I continue to be amazed at the quality of students who come to our school. It has been wonderful to get to know them better this year and I can't wait to see all of the great things they accomplish in their lives.

I would encourage students to take advantage of their free time during summer break to relax and recharge, but don't forget to practice some of your school skills, too. Research has shown that some children lose academic ground from their peers during the break. To avoid this, here are some suggestions:

- ♦ Read at least 30 minutes a day for 3 to 5 days a week.
- ♦ Play math games to keep the neural connections strong.
- ♦ Be physically active.

Work hard and you can do anything.

Mr. C

We here in the library are surprised at how quickly the past school year has gone by. We will be closing our library Wednesday, May 11, 2017. All books, Kindles, magazines and textbooks will be due at that time. We have been issuing late notices each Wednesday and the students are also asked to check their library accounts every two weeks when they come to the library so they are well informed as to their account. We have also been emailing parents whose student owes \$1.00 or more to the library in fines so that both you and your student is aware of the amount owing to the library.

Students will be required to pay all library fines before they can register for 7th or 8th grade. The fines will follow them to the Middle School and will stay on their account here at the Intermediate School.

We are excited about our e-Book library. Students will be able to access and check out e-Books during the summer thus being able to continue to read keeping their skills sharp throughout the summer. We hope that you will encourage and support your children to read and in gaining a love of reading.

Thank you for a great year!
