MESSAGE FROM OUR ASSISTANT PRINCIPAL

"Every child has a different learning style and pace. Each child is unique, not only capable of learning but also capable of succeeding."

Robert John Meehan

What a start to a new school year! We began this fall with unexpected growth and the need to hire two new teachers as well as several other support personnel. Classroom sizes were bulging at the seams and we tackled a temporary increase in COVID infections. We thank everyone for their patience as each of these distractions have been addressed so that our students now have ample opportunities to succeed. We have seen a significant drop in COVID infections--currently, we have less than one-half of one percent of our students at home due to that virus.

Due to the growth, we added eight new sections to our existing master schedule to make class sizes smaller. Just this past month, we hired two new teachers to our faculty. We also have incorporated a multi-tiered school-wide discipline plan in our classrooms to give support to learning.

We look forward to the 2021-22 school year! We feel that we have a bright future ahead of us. Join with us as we move forward and achieve success!
