Christmas Break

NO SCHOOL

Hello Jaguars,

We would like to let all parents and students know about a great resource that we have available for our students. This resource is a free app called "Safe UT." We feel this tool is so important that we have placed information about it on the back of our student school ID cards, and we would like to give you more information as well. Please see the flier below for that information. If you have any questions about Safe UT or anything school counseling related, please contact your student's counselor.

Stefnee McMullin — Counselor for students with last names A-J
stefnee.mcmullin@washk12.org

Tracy Shurtz — Counselor for students with last names K-Z
tracy.shurtz@washk12.org

Welcome

We're eager to share an important tool available to you, your family, and your student(s). Your student's school is enrolled in SafeUT—a confidential app that offers 24/7 access to support from licensed mental health counselors at no cost to you. There is also the ability to submit tips for safety and mental health concerns to prevent violence and suicide in Utah.

SafeUT supports parents and guardians by providing:

- access to mental health support and services from master's level counselors at no cost any time for your student
- access to mental health support and services to parents and guardians, to discuss challenges and stresses you, your student(s), or another person may be having
- a safe, back-up place for your student to turn to if they are searching for advice from a trusted adult such as when you are working, if you are sleeping, or when they or a friend is in trouble and they don't know how to ask for help
- a way for you or your student to confidentially report bullying, fights, threats, self-harm, or other safety concerns to the school

SafeUT is a state-funded service, provided by the Huntsman Mental Health Institute's Crisis Services Department, that works in partnership with Utah schools to increase student safety. Our counselors are here to help with any size concern whether it's related to school, work, or home.

You can download the SafeUT app from the Apple or Google Play app stores or visit SafeUT.org to learn more. Once you've installed the app and set a password to keep your interactions confidential, you'll be able to chat with a master's level counselor, directly call a certified crisis worker, or submit confidential tips to crisis counselors and school administrators 24 hours a day, 365 days a year. Students will receive training on how to use the app at school.

Welcome to SafeUT! We look forward to working with you to support the health and safety of you and your student(s).

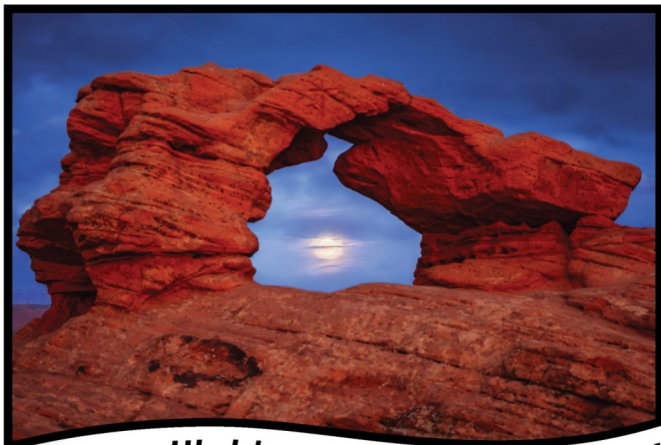

Sincerely,

The SafeUT Marketing & Outreach Team

ATTENDANCE MATTERS

If your student will not be at school, please call **635-8931** or email **karina.goodwin@washkl2.org**

If you are checking your student out of school early, you will need to come in to the school and sign your student out. You must have photo ID in order to check out a student. We will not release students to anyone who is not on your contact list.

District policy allows us to excuse valid absences/tardies within 7 days.
