Let me begin by wishing you all a Happy New Year filled with many successes and continued progress. During winter break, I hope you had the chance to catch up with friends and family and enjoy some rest and relaxation.

As we approach the holiday honoring Dr. Martin Luther King JR., Dr. King's work, and his legacy, I am reminded of one of my favorite quotes of his, "We must use time creatively, in the knowledge that, the time is always right to do right"

One of the things I appreciate most about our staff is that we are always looking for ways to do the "right" work. We continue to provide a high-quality service for children and families. At Hurricane Intermediate, we place great value on seeing our students showing continued success and academic progress as they move through their academic journey. I am excited to begin our work for the second half of the school year to ensure that learning continues. As we ring in the new year, we see this as an opportunity to check in with students and families to ensure that our students are on-track and prepared.

Hurricane Intermediate continues to strive to become a school focused on educational equity. We try to find innovative ways to partner, support and create opportunities that make our school a place where all children enjoy learning, develop strong relationships, and continue to grow each day. As always, thank you for your continued support.
